ETI Launches a Redesigned Digital Experience

We're excited to share the launch of ETI's newly redesigned website! Built with our clients and partners in mind, the new site delivers a more intuitive and user-friendly experience from start to finish. Whether you're exploring our services or connecting with our team, you'll find streamlined navigation, improved accessibility, and a clean, modern design that makes information easier to find.

We have also enhanced functionality across the site to better support your needs and create a smoother, more efficient experience. From updated content to a refreshed look and feel, every detail was designed with you in mind. We invite you to explore the new site and see what's possible.

Recognized for Excellence

EBARA was honored with the prestigious Excellence Production Support Award from Taiwan Semiconductor Manufacturing Company (TSMC) in 2025. This recognition highlights EBARA's exceptional performance in supporting TSMC's manufacturing operations through reliable equipment, responsive service, and consistent technical excellence.

Isao Nambu
Executive Officer, President

Building the Future

EBARA completed Development Building V8 in 2025, reinforcing its commitment to innovation and global competitiveness in precision machinery and semiconductor technologies. The state-of-the-art facility features advanced labs and expanded workspace, accelerating next-generation product development through faster prototyping, testing, and collaboration.
